Some lessons need a note for your safeguarding lead.

Ours come with one.

1 17 of the 34 modules are flagged.

Each one listed, with the statutory ground it stands on.

FOR THE DESIGNATED SAFEGUARDING LEAD · REFERENCE FROM YOUR SAFEGUARDING POLICY

Safeguarding crosswalk

17 of the 34 modules are safeguarding flagged. Each is listed below with the statutory ground it stands on and the note its teachers receive before teaching. Two standing rules across every module: content is age appropriate and never graphic, and the platform records no disclosures, so every concern follows your school's own reporting systems.

The PSHE Association advises linking your safeguarding policy explicitly to the RSHE curriculum under the renewed Ofsted framework. This page is written to be that link: file it or reference it from the policy.

2 The teacher is told first.

What the lesson can bring up, and what to do if it does.

schools.guidedchildhood.com/hub/dsl

KS1 · LESSON 3 OF 4 · YEARS 1 TO 2

Private like a toothbrush

Statutory ground: RSHE 2026 (online safety and awareness, caution about sharing information about themselves online) · RSHE 2026 (being safe, the concept of privacy) · EfCW privacy and security, early years to 7 · EfCW online reputation, early years to 7

The note teachers receive: This lesson teaches children to tell a grown up if someone online asks for their private information or shares a photo of them, so a child may disclose contact from someone they do not know, a request for their address or photos, or a photo shared without consent. Listen calmly, thank them, do not ask leading questions or promise secrecy, and follow your school safeguarding policy the same day. Contact from an unknown adult asking a child for personal information or photos should always go to the DSL.

3 Three things before slide 1.

Your safeguarding lead. The quiet exit. The script, folded away from the board.

The real player, before a flagged lesson starts

FOR YOU, BEFORE THE CLASS SEES SLIDE 1

This lesson is safeguarding flagged

1 YOUR SAFEGUARDING LEAD

Not on this screen yet. Type their name once on the safeguarding page and it shows here and on the slides that ask who to tell.

2 THE QUIET EXIT

Tell the class that anyone can step out quietly at any time, without saying why. Say where they go, and have an adult check on anyone who does.

3 YOUR SCRIPT IS FOLDED

On this lesson the script starts closed, because some of its notes are for you and the class can read the board. Tap **Teacher script** in the bar at the bottom to open it.

Start the lesson THE SAFEGUARDING BRIEFING

4 It becomes your school’s page.

Type your lead and your policy once. Nothing is sent to us.

schools.guidedchildhood.com/hub/dsl

YOUR SCHOOL · STAYS ON THIS SCREEN

Make this page your school’s

Type your safeguarding lead, their deputy, how a concern is recorded here and the title of your policy. They print at the top of this page and of every staff briefing, so the copy you file is your school’s own. Print it without them and the top of the page has lines to write them in.

What the class hears

On the slide that asks who to tell, and on the prep pages.

DESIGNATED SAFEGUARDING LEAD

Ms Okafor

WHERE TO FIND THEM

the office by the hall

What staff need

On the staff briefings, the teacher sheet and the top of the safeguarding crosswalk.

DEPUTY SAFEGUARDING LEAD

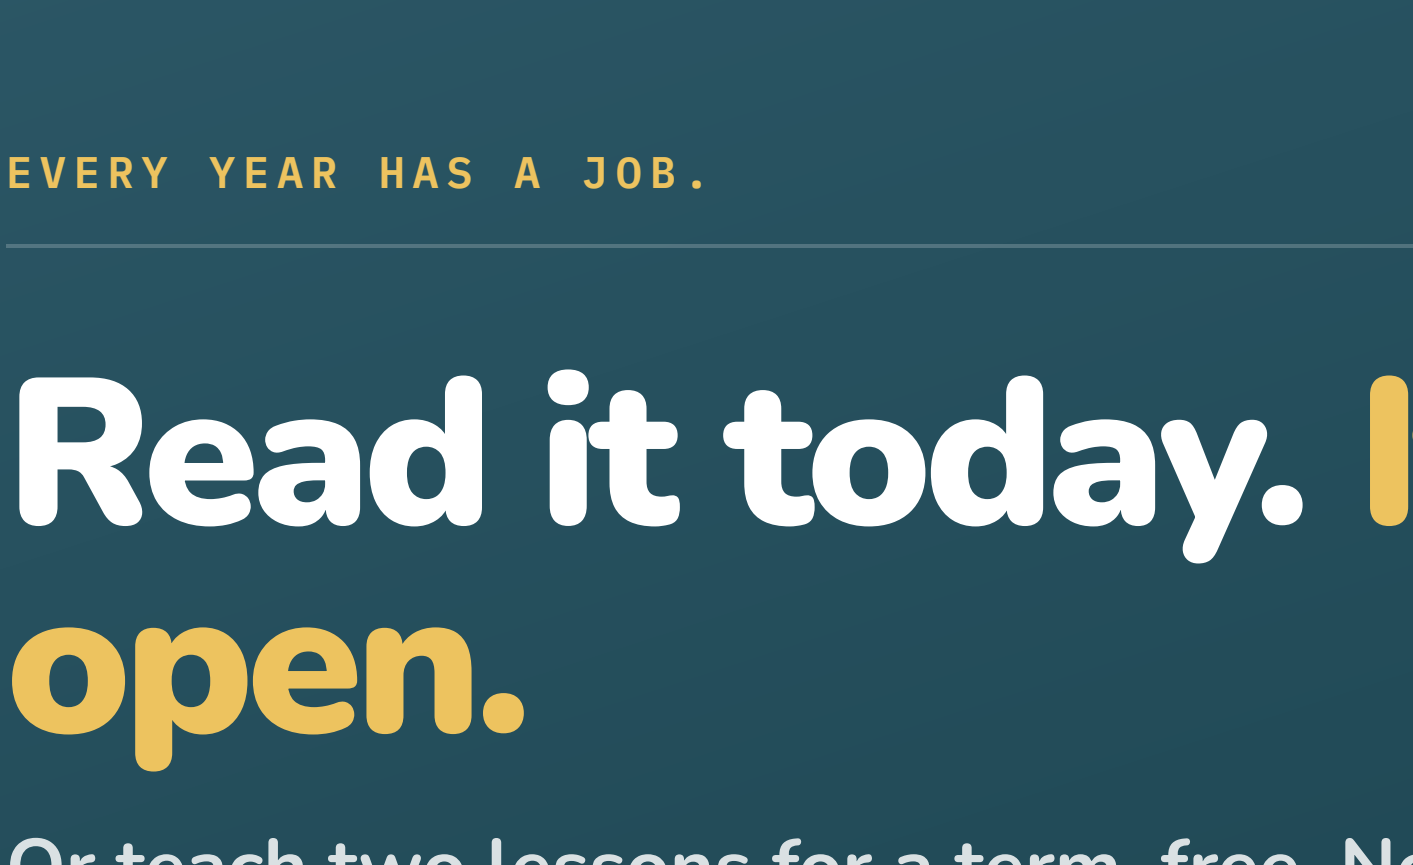

Mr Shah

HOW A CONCERN IS RECORDED

on the concern log, the same day

Read it today. It is open.

Or teach two lessons for a term, free. No card, no contract, no pupil data.
