SAFER INTERNET DAY SPECIAL

Tech Check Time!

Safer Internet Day!

Safer Internet Day is on Tuesday 9 February. The Planet Friends are checking how tech makes them feel. Here is how you can too.

A tech check is easy. Think about one app, game or show you love, and ask: how do I feel while I use it, and how do I feel after? There are no wrong answers.

Turn to page 3 for the tech check, then try the kind message challenge on page 4. Grown ups, your bits have a star.

Wow!

WOW FACT

Safer Internet Day began in 2004. Now it is marked in about 170 countries every February.

A LETTER FROM THE EDITOR

Welcome to Issue 3, our Safer Internet Day special!

Safer Internet Day is on Tuesday 9 February, and this year it asks everyone to stop and think about how tech makes us feel. So this whole issue is a big, friendly tech check.

There is also a kind message challenge, a pancake plan (Pancake Day is the same day!), and puzzles and jokes at the back. The bits for grown ups are marked with a star.

With love, DiGi

News in brief

FROM AROUND THE PLANET

Pebble's pancake plan

Safer Internet Day and Pancake Day are on the same day this year. Pebble's family is flipping pancakes with every screen asleep.

Bloop does a tech check

Bloop noticed one game feels fun for twenty minutes and grumpy after an hour. Now Bloop stops at a save point before the grumpy bit.

Orbit makes a lantern

Lunar New Year is on 6 February. Orbit made a paper lantern for the window. There is one to try in the half term bingo.

Nova's kind messages

Nova sent three kind messages this week: one to a friend, one to a cousin and one to Grandma. Try it on page 4.

? DID YOU KNOW?
Pancake Day is also called Shrove Tuesday. In 2027 it is on 9 February, the same day as Safer Internet Day.

? DID YOU KNOW?
Safer Internet Day happens on the second Tuesday of February every year.

The big feature

Your six question tech check

Pick one app, game or show you love. Then answer these six questions out loud with your grown up. There are no wrong answers.

1 How do I feel while I use it?

Happy, excited, calm, cross, bored? Say the word.

2 How do I feel after?

Notice the minute after you stop. Ready for something else, or wanting more?

3 Who do I talk to in it?

Only people I know in real life, or people I do not know?

4 Does it ask me to pay?

Coins, gems and upgrades cost real money. Always ask before you tap.

5 What would I miss?

If it was gone for a week, what would you miss, and what would you do instead?

6 What is one change?

Pick one small change, like stopping at a save point, and write it on the poster.

★ FOR GROWN UPS

Ask, then listen, and try not to correct the answers. Then do your own tech check out loud, on your own phone, so it is something the whole family does rather than a test for the children.

This month's challenge ONE TICK FOR EVERY KIND MESSAGE

The kind message challenge

For one week, send one kind message a day, on paper or on a screen with your grown up. Write who it was for, then tick the day.

NAME	MON	TUE	WED	THU	FRI	SAT	SUN
.....	☐	☐	☐	☐	☐	☐	☐
.....	☐	☐	☐	☐	☐	☐	☐
.....	☐	☐	☐	☐	☐	☐	☐
.....	☐	☐	☐	☐	☐	☐	☐
.....	☐	☐	☐	☐	☐	☐	☐
.....	☐	☐	☐	☐	☐	☐	☐

The rule: a kind message is true, it is friendly, and you would be happy for anyone to read it.

KIND IDEA 1
Thank someone for something small they did.

KIND IDEA 2
Tell a friend what they are brilliant at.

KIND IDEA 3
Send Grandma or Grandad a drawing.

The big question

READ BOTH SIDES, THEN VOTE

Your own tablet, or share the family one?

Families answer this one differently, and that is fine. Read both sides, then have a family vote.

SIDE ONE

My own tablet

SAYS COSMO

- ☆ My games and drawings stay where I left them.
- ☆ No waiting for a turn.
- ☆ I can learn to look after it myself.

SIDE TWO

Share the family one

SAYS NOVA

- ☆ It lives in a shared room, with grown ups nearby.
- ☆ Taking turns is fair, and good practice.
- ☆ One tablet costs less than two.

What if each child has their own profile on the family tablet, and it still sleeps in its shared spot at night?

ORBIT HAS A MIDDLE IDEA

Family vote

Everyone writes their name, then ticks one box.

The app desk PRIVACY SETTINGS, MADE SIMPLE

Five privacy settings to check

Safer Internet Day is a good day to check who can see what. Look at these five with your grown up, on any app, game or device.

- A private account
- Who can message me
- Location off
- Who sees my photos
- A secret password

Ask these while you look

1. Who can see my name?
2. Who can see my photos?
3. Does it know where I am?
4. Who can send me messages?
5. Is my password a secret?

Most social media apps say you must be 13 or older to have an account.

Check an app

App or game .....

Its age label .....

Chat with strangers? Yes No

Money inside it? Yes No

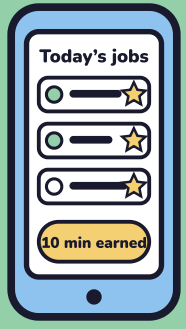

My grown up says Yes Not yet

Dear DiGi

"Someone in a game asked where I live. I said no, but now I feel worried." **A question lots of children ask**

Saying no was exactly right. Now tell your grown up today and show them the message, so they can help you block and report it. Telling is always the right thing to do. You can also talk to Childline, free, on 0800 1111.

★ FOR GROWN UPS

Our app: Guided Childhood

Guided Childhood is the family app behind this newspaper. Your child gets their own app with no login: jobs earn stars, and stars become screen minutes. Every stage has short lessons on games, social media and AI, stamped in their Digital Passport. Grown ups get one small script for the evening's tricky moment.

ORBIT'S ANSWERS

1 is pretend: real prizes never need your address from a message.
2 is real: your cousin, and a tasty plan.
3 is pretend: never type a bank card number. Ask a grown up first.
The code says: tell a grown up. Telling is always the right thing to do.
