Every year has a job.

Reception to Year 13, in one map.

schools.guidedchildhood.com/curriculum

THE WHOLE PROGRAMME · RECEPTION TO YEAR 13

The curriculum map

34 modules covering all eight Education for a Connected World strands, taught by the DiGi Squad. Every module is open to read, and one is free to teach in full today: Misinformation, deepfakes and AI content. A licence or a pilot code opens the rest. No download wall, no prep, nothing to book.

34 of 34 modules live

RECEPTION

Screens with a grown up.

And the first idea of what is real and what is made.

schools.guidedchildhood.com/curriculum

Pebble with DiGi Junior — Lesson 1 of 3

RECEPTION 42 MINUTES

Screens and kindness, real and not real

Co viewing, gentle routines, and the very first seed of AI literacy.

"I can ask a grown up if something on a screen is real."

LICENCE NEEDED

Unlock this lesson →

Pebble with DiGi Junior — Lesson 2 of 3

RECEPTION 47 MINUTES

The screen never says stop

Why the next one starts by itself, and a stop picked before the screen goes on.

"I can pick a stop and wave bye bye to the screen."

LICENCE NEEDED

Unlock this lesson →

Pebble with DiGi Junior — Lesson 3 of 3

RECEPTION 47 MINUTES

Paws off, ask first

Pop ups, adverts and buy buttons, and one move for any tap that wants something.

"I can spot a pop up, take my paws off, and ask."

LICENCE NEEDED

Unlock this lesson →

YEARS 1 AND 2

Feelings, kindness and the first spotting skills.

How a screen makes your body feel, and that a picture can be made up.

schools.guidedchildhood.com/curriculum

Pebble

Lesson 1 of 4

YEARS 1 TO 2 48 MINUTES

DSL NOTE

Kind screens, calm bodies

How screens make my body and mood feel, being kind, and who to tell.

"I can name how I feel after screen time and tell a grown up."

LICENCE NEEDED

Unlock this lesson →

Pebble with DiGi Junior

Lesson 2 of 4

YEARS 1 TO 2 50 MINUTES

Real, pretend, or made by a computer

Photos and videos can be changed or made up, and AI can make pictures.

"I can spot that a picture might not be real."

LICENCE NEEDED

Unlock this lesson →

Pebble with DiGi Junior

Lesson 3 of 4

YEARS 1 TO 2 50 MINUTES

DSL NOTE

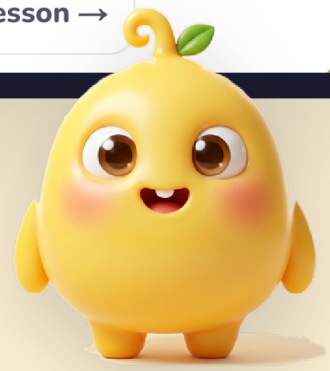

Private like a toothbrush

The four things that stay private online, why sharing online is different, and asking before a photo.

"I can keep private things private, and ask before I share."

LICENCE NEEDED

Unlock this lesson →

YEARS 3 TO 6

The habits years, before the first phone.

Routines that hold, what games want, and how a feed decides.

schools.guidedchildhood.com/curriculum

Bloop Lesson 1 of 9

YEARS 3 TO 6 69 MINUTES

Screen routines that work

After school, bedtime, mealtimes and homework, without the daily fight.

"One routine the child sets tonight."

LICENCE NEEDED

Unlock this lesson →

Bloop Lesson 2 of 9

YEARS 3 TO 6 73 MINUTES

Gaming: time, intensity and spend

Loot boxes, in game spend, and the free that costs.

"I can spot when a game is trying to get me to spend."

LICENCE NEEDED

Unlock this lesson →

DiGi Lesson 3 of 9

YEARS 3 TO 6 71 MINUTES

How algorithms work

Why the feed shows what it shows, with a paper algorithm and Scratch.

"I can explain why my feed keeps me watching."

LICENCE NEEDED

Unlock this lesson →

YEARS 7 TO 9

The detective years.

Feeds, fakes, scams and honest self checks.

schools.guidedchildhood.com/curriculum

Orbit and DiGi

Lesson 1 of 9

YEARS 7 TO 9 63 MINUTES

DSL NOTE

When it turns on you

Why online conflict escalates, what the four names are, and what ends it.

"I can name what is happening, and say the thing that ends it."

LICENCE NEEDED

Unlock this lesson →

Orbit with DiGi

Lesson 2 of 9

YEARS 7 TO 9 69 MINUTES

DSL NOTE

Mood and screens

The honest, mixed evidence on screens and mood, and agency over habits.

"One honest self check the pupil runs for a week."

LICENCE NEEDED

Unlock this lesson →

Orbit

Lesson 3 of 9

YEARS 7 TO 9 71 MINUTES

DSL NOTE

Social media, group chats and the workarounds

How platforms work, VPNs and borrowed accounts, and why the rules exist.

"I can explain the risk behind a workaround I might be tempted by."

LICENCE NEEDED

Unlock this lesson →

YEARS 10 AND 11

The serious cases, named plainly and taught calmly.

Persuasion, consent and the law.

schools.guidedchildhood.com/curriculum

DiGi only, maximum calm — Lesson 1 of 7

YEARS 10 TO 11 63 MINUTES

DSL NOTE

The content you did not go looking for

Why the worst things online arrive rather than get searched for, and the three moves that deal with any of them.

"I know what to do with something I never asked to see, and that I am not in trouble for it."

LICENCE NEEDED

Nova — Lesson 2 of 7

YEARS 10 TO 11 69 MINUTES

Manipulation and persuasion

Dark patterns, engineered outrage, and who profits.

"I can name the technique being used on me."

LICENCE NEEDED

Nova and DiGi — Lesson 3 of 7

YEARS 10 TO 11 63 MINUTES

DSL NOTE

The money and the odds

The hidden price of a chance, the house edge, and why speed of the loop is the real risk.

"I can work out what a chance really costs me, and say when the loop has somebody."

LICENCE NEEDED

YEARS 12 AND 13

AI used well, data rights and the first CV.

Past the gate, and ready for work.

34 modules. Every card open to read.

And one whole lesson is free to teach today.

schools.guidedchildhood.com/curriculum

SIX KEY STAGES ON ONE LICENCE.
TEN BEHAVIOURS THAT COME BACK EVERY STAGE, DEEPER EACH TIME.
