WHAT EVERY PAGE BUILDS

- Safe online
- Healthy balance
- AI literate
- Social ready

Keep this book somewhere safe. It is the record of the journey to 16, one stamp at a time.

HOW IT WORKS

A stamp is earned, not given

Five pages, one for every stage from four to sixteen. Each page belongs to a Planet Friend and asks for three things. When all three are done, the page gets its stamp.

1. **The talk.** Have the conversation. The words are on the page.
2. **The doing.** Do one small thing together.
3. **The check.** Your child tells you the big idea back. A chat, not a test.

Join at any age. Start on the page your child is on now. The earlier pages stay open, so you can catch them up whenever you like.

Pebble 4 TO 7 · **Bloop** 8 TO 10 · **Orbit** 11 TO 12 · **Nova** 13 TO 15 · **Cosmo** 16 AND UP

STAGE 1 · FOUNDATION · 4 TO 7

Pebble

Full of curiosity and wonder. Every big journey starts small.

THREE THINGS STAMP THIS PAGE

1 · THE TALK

The First Device Conversation

Say this: “We have a family rule about screens. When the timer goes off, screens go down. Every time, no exceptions. And then we do something together.”

2 · THE DOING

Set up a charging station in the kitchen or hallway tonight. Devices do not sleep in bedrooms in this house.

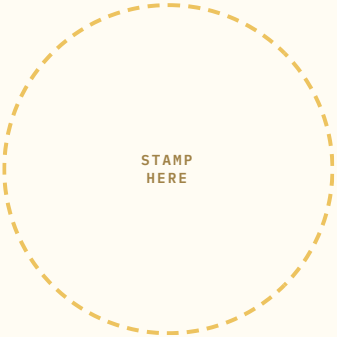

3 · THE CHECK

Your child can tell you, in their own words: why the screen goes down when the timer goes, and what you do together next.

STAGE 2 · BUILDER · 8 TO 10

Bloop

Creative and clever. Building skills and strong foundations.

THREE THINGS STAMP THIS PAGE

1 · THE TALK

The Bedroom Rule

Say this: “Where does your phone sleep at night? In our house, phones sleep in the kitchen. The bedroom is for sleep.”

2 · THE DOING

Have the bedroom rule conversation tonight as a family decision, not a rule you impose. Where should our devices sleep?

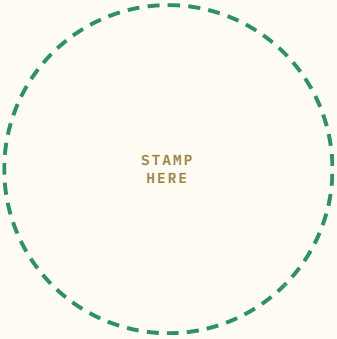

3 · THE CHECK

Your child can tell you, in their own words: where devices sleep at night in your house, and why.

STAGE 3 · EXPLORER · 11 TO 12

Orbit

Exploring bigger worlds and asking big questions.

THREE THINGS STAMP THIS PAGE

1 · THE TALK

The Algorithm Conversation

Say this: “Did you know your phone is learning what you like? Every video you watch, every post you pause on, it notes it. Open your feed and we will look at it together.”

2 · THE DOING

Open their feed together tonight. No judgement, just curiosity: why do you think it showed you that? Stay for ten minutes.

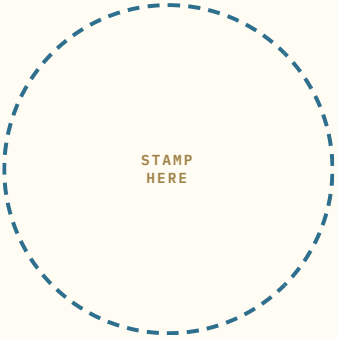

3 · THE CHECK

Your child can tell you, in their own words: how the feed learns what they like, and why a confident answer still needs checking.

STAGE 4 · SHAPER · 13 TO 15

Nova

Learning to make good choices and shape your path.

THREE THINGS STAMP THIS PAGE

1 · THE TALK

When Things Go Wrong Online

Say this: “If anything ever goes wrong online, and things do go wrong, I am the first call you make, not the last. I will not overreact. I will help.”

2 · THE DOING

Set up a weekly ten minutes with no agenda. Not about screens, not about homework. Same day, same time, just checking in.

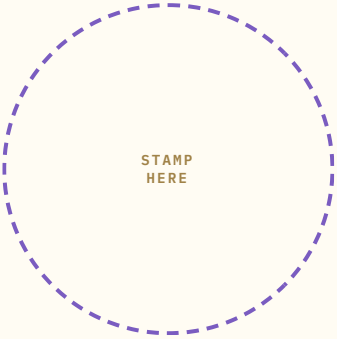

3 · THE CHECK

Your child can tell you, in their own words: who their first call is if something goes wrong online, and that telling you will not cost them their phone.

STAGE 5 · INDEPENDENT · 16 AND UP

Cosmo

Confident and independent. Ready to lead your own future.

THREE THINGS STAMP THIS PAGE

1 · THE TALK

Building Independence

Say this: “You are at the age where you get to decide what kind of digital life you build. What does your online presence say about who you are? Not to me. To the world.”

2 · THE DOING

A joint digital audit: go through their online presence together as peers. What does it say? What would they change?

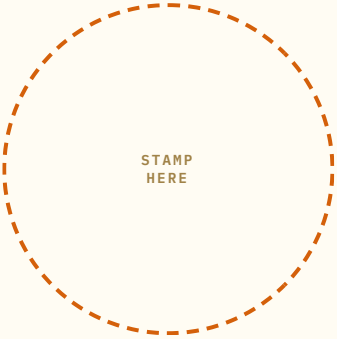

3 · THE CHECK

Your child can tell you, in their own words: what their phone gives them and what it costs them.

FOR THE GROWN UPS

What earns each stamp

All three: the talk, the doing, and the check. If the check does not land yet, try again another day.

Pebble 4 TO 7
The First Device Conversation. A charging station out of the bedrooms. Timer goes, screen down, then something together.

Bloop 8 TO 10
The Bedroom Rule. Decide together where devices sleep. Where devices sleep, and why.

Orbit 11 TO 12
The Algorithm Conversation. Ten curious minutes in their feed. How the feed learns, and checking what sounds sure.

Nova 13 TO 15
When Things Go Wrong Online. A weekly ten minutes, no agenda. Who the first call is when it goes wrong.

Cosmo 16 AND UP
Building Independence. A digital audit together, as peers. What their phone gives, and what it costs.

CATCH UP, CLAIM THE REWARD

The Road to 16 guide

When every page up to your child's age is stamped, the Road to 16 guide is yours free: the balance, the behaviour to watch, each platform and the age it usually turns up, and the school pressure points along the way.

guidedchildhood.com/etsy-bonus

FOR THE FULL EFFECT, THE APP

The Guided Childhood app runs this same Passport. Each stage comes with its lessons, every script and a short stage check, and the stamps land on their own. The paper book and the app are the same journey, so you can start here and carry on there.

Made by Justin at Guided Childhood, a dad who got tired of the screen time fight.

Every stamp in here was earned
