GUIDED CHILDHOOD · PRINT AT HOME · AGES 6 TO 12

The Road to 16 Board Game

A family board game from age 4 to 16, hosted by DiGi.
Jobs earn stars, stripy squares rest, and every card is a real choice.

60 square board

48 choice cards

5 Planet Friend counters

40 star tokens

How to play

You need: the board, a dice, a counter each, the star tokens, and the choice cards in five piles, one for each Friend.

1 Start on square 1, with Pebble

The youngest player goes first.

2 Roll the dice and move

Follow the gold road up the board.

3 See where you landed

Choice card
Someone reads you a card from your Friend's pile. Right answer? Take a star. Not sure? Read the answer out loud. Nobody loses anything.

Job
Take the stars shown on the square.

Family job
Pick another player and move them forward 2. No stars: helping at home is part of being a family.

Stripy square
Screens rest here. You cannot spend stars while you are on it.

4 Star time

Before you roll, you can pay 2 stars to roll twice and add them up. Not on a stripy square.

5 The first to 16 wins

You do not need an exact roll. Keep going until everyone is home. The most stars picks the next game.

FOR THE GROWN UP · TEN MINUTES WITH TAPE

Making the board

The board is four A4 sheets, pages 4 to 7, that tape into one big board twice the size of A3. Or print the separate A3 file in the download on one sheet, if your printer takes A3.

1 **Print pages 4 to 7**
Full size, no scaling. Thick paper holds up best.

2 **Trim the inside edges**
Each sheet has a dashed trim line on the edges that meet the others. Cut along it to lose the white printer border.

3 **Line up and tape**
Sheet 1 top left, 2 top right, 3 bottom left, 4 bottom right. Follow the gold road across the joins and tape on the back.

Make it last. Glue the taped board onto a flattened cereal box or a sheet of card, and it folds in half to store.

The rest. Page 8 is the counters and star tokens. Pages 9 to 16 are the 48 choice cards, six to a page, and page 17 is their backs, to print on the reverse if you want. Keep the cards in five piles, one per Friend.

Younger players can be read their cards. Older players read for them. Everyone plays the same board.
